SIDERAL

SIDENOR GROUP STEEL

SIDERAL S.H.P.K. is a one stop shop center for top quality construction materials, located on the 24th km of the main highway connecting Tirana and Durrës.

SIDERAL S.H.P.K is a subsidiary of SIDENOR Group in Albania. The economic development of Albania over the last years and its future perspectives, along with SIDENOR excellent business relations with Albanian partners (for more than 15 years) has driven us to invest further in Albania and establish SIDERAL S.H.P.K. Its brand new facilities cover a total area of 55.000 m², 8.500 m² of which are buildings. SIDERAL constantly invests in modern technologies with the aim to offer quality construction products with high standards of customer service, best work conditions for its employees and respect to the environment.

SIDERAL S.H.P.K., mainly distributes steel products of SIDENOR Group in Albania but also stands as a one-stop center for many other branded construction materials as aluminium products by ETEM S.A., ELVAL S.A. and ELVAL COLOUR S.A , copper, copper alloy and titan zinc products by HALCOR SA and SOFIA MED SA, cables by CABLEL HELLENIC CABLES , various steel products by SIDMA, PANELCO and ERLIKON as well as sanitary ware and tiles by VICERAMICS.

SD Integrated Concrete Reinforcing System (SD Reinforcing Steel, SD Cut-to-length rebars, SIDEFIT special mesh, SD stirrup mesh, SD wire mesh, SIDEFOR and SIDEFOR PLUS stirrup cages, Lattice girders)

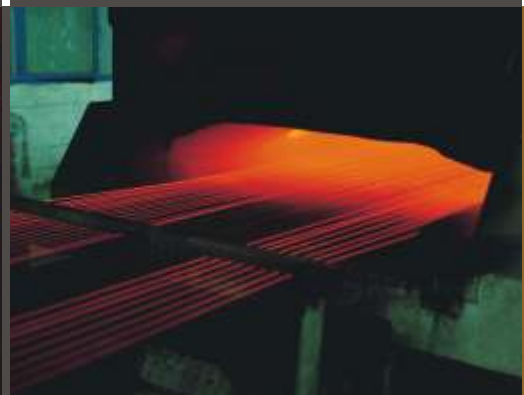

Merchant Bars (Squares, Flats, Rounds, Equal Angles, IPE Beams and UPN Channels)

Pipes and Tubes (Square, rectangular and circular hollow structural section, Water and gas pipes, galvanized construction tubes and Thin wall tubes)

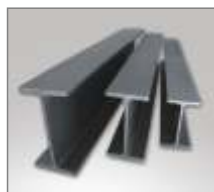

Billets

Wire Rod

Welding products (coated electrodes, welding wires and fluxes, flux-cored welding wires)

Wire products (galvanized and black wires, galvanized mesh, INOMIX steel fibers and Double Twist Hexagonal mesh (serasanetti))

HALCOR

SOFIA MED

CABLEL®

TALOS Copper Tubes for water supply, heating, natural gas, air conditioning, refrigeration and industrial applications

CUSMART Copper Tubes for water supply, heating, floor heating & cooling TALOS DUAL Seamless Bimetallic Copper Tubes for HVAC&R and solar applications

Copper and Titanium Zinc Gutters

Copper & Brass sheets, strips, circles and plates for construction, electrical, solar, automotive and other applications

Titan Zinc sheets and strips for gutters and roofing applications

Copper flats, bars, rod and profiles for electrical applications

Building Wires

Power Cables, up to 500 kV

Signal and Control Cables

Marine cables

Medium and High Voltage Submarine Cables

Halogen-free, fire retardant cables

Copper, plastic insulated, Telecommunications Cables

Fibre optic Cables

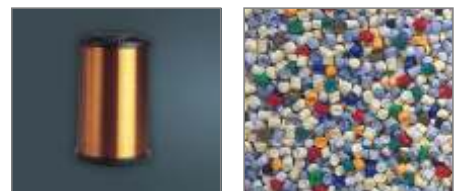

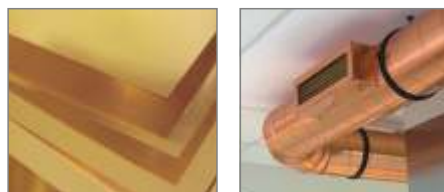

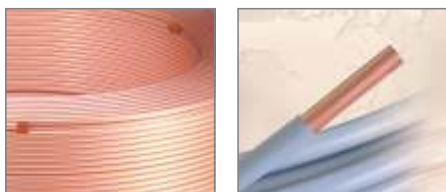

Fibre Optic Submarine Cables

Data Cables

Copper and aluminium Conductors

Enamelled Wires

Plastic and rubber Compounds

Architectural Building Systems
 Aluminum Systems for
 - Doors and Windows
 - Façade and Skylights
 - Solar Protection Systems
 - Security - ETEM Protect Systems
 - Ventilated Façade Systems
 PVC Systems for Doors and Windows
 Solar Power Systems
 Insect Mosquito Nets
 Aluminum Railing Systems
 Aluminum Panels for doors
 Security / armored doors
 Extrusions for industrial applications, i.e.
 automotive, transport, etc

Aluminium sheets and coils for:
 building and construction
 rigid packaging
 mass transportation
 automotive
 general engineering applications

Coated aluminium products for architectural,
 transport and food applications
 Composite panels for architectural, corporate
 ID, signage, phase change material, sound
 absorption, marine and transport applications
 Perforated and corrugated sheets

Flat Steel Products in Coils and Sheets (hot rolled, pickled and oiled, cold rolled, galvanized, aluzinc, prepainted, chequered, tear drop)

IPN, UPN Beams IPE, HEB, HEA

Corrugated & Trapezoidal sheets (zinc coated & pre-painted)

Applications: Heavy and light metal constructions, water conveyance, agriculture, electrical applications, furniture etc.

Polyurethane Steel Composite panels for roof, wall and refrigeration areas

Mineral Wool Panels for roof and wall cladding, fireproof wall partitions, sound proofing

Trapezoidal Steel Sheets for roof and wall cladding & composite slab construction

VI BATH

Vitreous china and fine fire clay sanitary ware

Acrylic bathtubs, shower cubicles, steam boxes

AXIUM

Glazed porcelain floor and wall tiles

Tile Adhesives & grouts
